

Clean Energy: Regional Responses Conference

Friday 21st November 2014

REGISTER NOW
www.bit.ly/18mPzhm

A full day of presentations by renewable energy experts followed by opportunities to network at our **Conference Dinner***

Regional responses to clean energy opportunities will define the future for Australia.

- * real examples of real communities who are making real differences
- * achieving real economic and social development
- * world leading research into wind, solar and bioenergy

REGISTER NOW FOR THE CLEAN ENERGY CONFERENCE

Register online www.bit.ly/18mPzhm

General Delegate Admission \$195 or \$40 for students and Concession Card holders.

*Conference Dinner \$50 per person.

*Onsite Accommodation

Presenters:

- Stephen Bygrave, BZE** - Raising the reality of a zero emissions future
- Gary Ellem, TFI** - Fast charge batteries and in route charging, an emerging option for low cost freight electrification
- Jarra Hicks, Community Power Agency** - Emergent dynamics of community owned renewable energy in regional communities
- Ben Vaughan, UoN** - Solar paint: A Hunter based solution to clean energy
- Kim Malley, Byron Shire Council** - Working regionally for renewable energy
- Sohum Gandhi, Emergence** - Gippsland growers go green
- Mark Byrne, Total Environment Centre** - Cranking the levers for decentralised energy
- Robyn Donnelly** - Business Council of Cooperatives and Mutuals - co-operatives and renewable energy
- David Bradney, UoN** - Small wind turbine research at the University of Newcastle
- Gary Ellem, UoN** - SAVI - Share Autonomous Vehicles - driverless taxis
- Ke Meng, UoN** - Environmentally sustainable planning of large wind farms for wind power integration
- Daniel Spencer, YCC** - Repower Port Augusta; Concentrated solar thermal replacing end of life coal fired power station
- Paul Smith** - Loadbearing hydrowall technology for construction, thermal mass, water storage and energy efficiency
- Andy Leadbeater, Solar Australia** - \$0 upfront commercial scale solar PV
- Tim de Grauw, APD Power** - Maximising the benefits of renewable energy by true integration into power networks
- Chris Denny, The Observatory Hotel** - Using strata title to fund solar systems - innovative best-practice funding
- Anna Bruce, UNSW** - Mapping the impact of and investment in PV in regional Australia
- Kerry Chorvat, Mark Group Australia** - Creating an energy sustainable home
- Jack Archer, Regional Australia Institute** - Regional development implications from clean energy
- Vince Zagarella, NSW Trade and Investment** - National GreenPower Accreditation Program
- Daniel MacDonald, CLEANaS** - Kooragang Island wind turbine - bid for community ownership - lessons learnt
- Steve Roberts, EcoReps** - Pyrolysis - the TRU Pyrolysis plan
- Dylan Gower, d-CONSTRUCT Architects** - Critical mass - CLEAN Cowra INC perspective
- Leslie Williams - NSW Parliamentary Secretary for Renewable Energy** - Renewable Energy NSW
- Maaiké Gobel, Green Energy Trading** - Clean energy certificate opportunities for renewable energy installations and energy efficiency upgrades
- Joe Herbertson, The Crucible Group** - The continuous biomass converter
- Chris Fell, CSIRO** - PV performance laboratory

CONFERENCE

When: Friday 21st November
Time: Registrations open at 8.30am
Conference closes at 5.30pm
Where: Hunter Valley Hotel Academy,
Kurri Kurri, TAFE
McLeod Road, Kurri Kurri
Price: \$195 general registration
\$40 concession

DINNER

When: Friday 21st November
Time: 7.00pm
Where: Hunter Valley Hotel Academy,
Kurri Kurri TAFE
(same building as conference)
Price: \$50 per person
(three course meal)

REGISTRATIONS ARE ONLINE AT
www.bit.ly/18mPzhm

This conference follows on from a free admission Energy Efficiency Expo also being held at the same venue from 12 noon on the previous day (20 November). The Energy Efficiency Expo will include speakers, training, trade displays and demonstrations on Energy Efficiency, Environmental Upgrade Agreements, Technology and Consultancy. To register your interest in exhibiting, please go to <http://register.environment.nsw.gov.au/expo>

For all enquiries, please phone 02 49215700 or
email nigel.stace@newcastle.edu.au
